PRINTEGERI projekti eesmärgid

The mission of Printeger is to enhance **research integrity** by promoting a research culture in which integrity is part and parcel of what it means to do excellent research.

- Systematic review of integrity cultures and practices
- Analysis and assessment of current challenges, pressures and opportunities for research integrity
- Development and testing of tools and policy recommendations.

Tulemused ja mõju

- Interdistsiplinaarne analüüs selle kohta, mis on hea teadus ja väärkäitumine teaduses (filosoofilised, eetilised, juriidilised, organisatsiooniteoreetilised aspektid)
- Juhtumite analüüsid, küsitlus, fookusgrupid ettevalmistamisel
- Eesti hea teadustava koostamine

UT tasks in Printeger

- WP 2 What is integrity?
- WP 3 What happens in practice? Cases of misconduct, media analysis, analysis of codes and legislations
- WP 4 How do researchers experience integrity? (questionnaire, web-based survey, focus groups)
- WP 5 Tools Development (policy advice, tools for research leaders and managers, educational tools)
- WP 6 Dissemination and communication (local stakeholder panels, Policy Advisory Board)

WP 2 juhtimine: What is integrity?

Multidisciplinary Reconnaissance

1. Inventory of key documents on integrity and misconduct (CEUT)
2. Conceptual clarification of integrity: misconduct (RU)
3. Normative analysis (CEUT)
4. Legal analysis (VUB)
5. Deviance in science: a criminological analysis (VUB)
6. RI as an organisational responsibility (HiOA)
7. Comprehensive exercise (CEUT)

Accomplishi eesmärgid

- Create a platform for dialogue between academia, industry, governments, and societal partners.
- The results from both practice and the theory of co-creation form the basis of the valorisation concept and will be tested in the project in a quadruple helix setting.
